

CREDITABLE AND NON-CREDITABLE FOODS When planning meals, be sure that the foods used to meet meal pattern requirements are creditable. REMEMBER THAT...

Potatoes are a vegetable (not a Grains/Bread item)

Rice is a Grains/Bread item (not a vegetable)

COMMERCIALLY PREPARED MAIN DISHES must have a CN label to count toward the meal pattern:

- Canned or Frozen Cheese Sauce
- Canned Ravioli
- Frozen Entrees such as Lasagna, Stuffed Shells, etc.
- Frozen Pizza

CANNED SOUPS count toward the meal pattern requirements only under certain conditions:

- Vegetable-based soups, such as tomato, vegetarian vegetable, vegetable beef, etc. count toward the Vegetable/Fruit component
- A one-cup serving of vegetable-based soup is equivalent to ¼ cup of the Vegetable/Fruit component.

None of the meat or poultry-based soups (such as chicken noodle, beef barley, etc.) count toward the Meat/Meat Alternate component.

CANNED AND FROZEN JUICE to count toward the Vegetable/Fruit component, be sure it is 100 percent juice or it has a CN label telling you how the juice can be credited. If you buy a fruit “nectar,” “drink,” “cocktail,” or “-ade” you are not buying full strength, 100 percent juice.
